

PRESSURE REDUCERS

PRESSURE REDUCER

3626

- Heavy-duty pressure reducer with stainless steel seat and F/F unions
- Maximum operating pressure 25 bar
- Temperature range min 0°C – max +80°C

Reducer suitable for regulating downstream pressure of fluids with a medium-high flow. Plumbing, heating, industrial and agricultural sectors are the ideal fields of application. The stainless steel AISI304 seat tightness is guaranteed by a NBR gasket.

The reducer is pre-calibrated in our factory with an outlet pressure of 3 bar.

The regulation range of the outlet pressure from 1/2" to 1" is 0,5 - 5 bar
The regulation range of the outlet pressure from 1 1/4" to 2" is 1 - 5,5 bar
